

### SAB Pt100 Interface

Meet our smart Pt100 Interface

### Product Description

This smart probe interface featuring a digital SenseAnywhere Bus interface has been especially designed to connect an existing 4-wire Pt100 Probe to the SenseAnywhere Monitoring System. Due to the digital interface this module with its own serial number and integrated electronics can be calibrated. Calibrated SAB modules can be easily hot swapped offering a big advantage and cost savings for recalibration of sensors.
